I hereby register bindingly for:

Motics – Compact

1 June 2022

I declare my consent to the creation of image and video recordings within the framework of the event by the VDV-ETS and to the use and publication of such images for the purposes of public relations and seminars.

## Motics

Motics is the further development of the VDV barcode and serves as a technology for securing tickets on the smartphone. In its highest configuration, Motics offers the same level of security as the smart card and also uses the security infrastructure of (e)Ticket Deutschland.

In this webinar, participants will receive an initial overview of the most important topics relating to Motics:

## Contents

- Advantages of Motics
- Requirements
- Functions
- Components
- Costs

## Target group

People who are interested in Motics or are involved in the implementation of Motics.

Manufacturers of control devices, background systems and apps who actively implement or would like to implement Motics technology.

## Event

ONLINE

## Fee

99 € plus VAT

**Send your registration until:  
25 May 2022**

Cancellation up to 7 days before the event is free of charge. In case of a later cancellation, 50 % of the participation fee will be due. A cancellation must be made in writing. A substitution is of course possible.

## For further questions call

Phone: +49 (0) 221 71 61 74 126

E-Mail: [seminare.ets@vdv.de](mailto:seminare.ets@vdv.de)

We look forward to your participation
